CLINICALLY STUDIED
**BCM-95®
 CURCUMIN**

120 Softgels
 DIETARY SUPPLEMENT

SUPPLEMENT FACTS

Serving Size: 1 Softgel
 Servings Per Container: 120

Amount Per 1 Softgel:	%DV
Proprietary Complex	750 mg **
Curcumin (<i>Curcuma longa</i>) Rhizome Extract (BCM-95®) enhanced with turmeric essential oil and standardized for curcuminoid complex (curcumin, demethoxycurcumin and bisdemethoxycurcumin), phospholipids, supplying 500 mg of pure curcuminoids	

**Daily Value (DV) not established

Other Ingredients: medium chain triglycerides, gelatin, sunflower lecithin, glycerin, beeswax, purified water, and turmeric in sunflower oil (softgel color).

No sugar, salt, yeast, wheat, gluten, corn, soy, dairy products, artificial coloring, artificial flavoring, or artificial preservatives. Color variations are normal. Grown without chemicals.

BCM-95® is a registered trademark of Dolcas-Biotech, LLC

Manufactured by a cGMP compliant facility exclusively for:

• Results verified in 31 PUBLISHED STUDIES, including 14 HUMAN CLINICAL TRIALS

• Supports liver, brain, heart, and immune health

• Protects cells from oxidative stress and free radicals*

• High antioxidant ORAC value > 1,500,000**

• Patent-protected method using curcumin blended with turmeric essential oil containing ar-turmerones to boost absorption and enhance results

CuraPro® delivers up to 500 times more curcumin to the bloodstream than turmeric, and has a sustained retention time at beneficial levels.[^] This high-potency formula featuring clinically studied BCM-95® Curcumin, yields a minimum of 500 mg of curcuminoids per capsule.

Recommendations: 1 softgel daily, may increase as desired or as directed by your healthcare practitioner. If pregnant or nursing, consult a healthcare practitioner before use.

All ingredients established in human studies for safety and effectiveness. Does not interfere with stomach, liver or kidney function.
 ** Based on independent lab analysis per 100 grams BCM-95®
 ^ Based on enhanced absorption of BCM-95® curcumin versus equivalent weight capsule of unstandardized turmeric containing 2% curcumin.

The health benefits of curcumin, the active compound from the Indian spice known as turmeric, have been well documented. However, plain curcumin is also difficult for the body to absorb. That's why the best extracts – like the high-absorption curcumin in **CuraPro** – are enhanced with other ingredients to ensure better absorption.

Curcumin PLUS

CuraPro delivers beneficial turmerone-containing turmeric essential oil (for immune supportive benefits*), PLUS 500 mg of full spectrum curcumin (curcumin, demethoxycurcumin and bisdemethoxycurcumin) in just one softgel (750 mg). Other enhanced absorption curcumin formulas increase absorption with ingredients such as cellulose that provide no additional benefits for health, or use ingredients that health-conscious consumers want to avoid.

In fact, **CuraPro** is **better absorbed** than plain curcumin, and has a **sustained blood retention time** at significant and beneficial levels in the bloodstream.

This high-potency formula features clinically studied curcumin, and yields a minimum of 500 mg of curcuminoids per softgel.

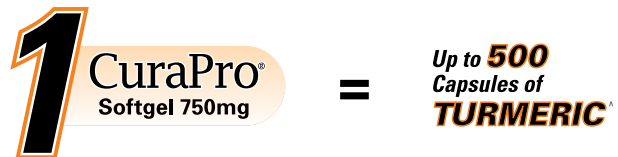

CuraPro – Strong Curcumin, Outstanding Benefits:

- **Results verified in PUBLISHED, HUMAN CLINICAL STUDIES**
- **Supports liver, brain, heart, and immune health**
- **Protects cells from oxidative stress and free radicals***
- **High antioxidant ORAC value > 1,500,000****
- **Patent-protected method using curcumin blended with turmeric essential oil containing ar-turmerones to boost absorption**

Up to 500 Times Stronger[^]

When results matter, choose CuraPro over turmeric powder. **Turmeric powder contains as little as 2% of valuable curcumin.** Considering CuraPro's high curcumin content plus its enhanced absorption means **you would have to take up to 500 capsules of turmeric to equal one CuraPro![^]**

WHAT WOULD YOU RATHER TAKE?

[^] Based on enhanced absorption of BCM-95 curcumin versus equivalent weight capsule of unstandardized turmeric containing 2% curcumin.
 **Based on independent lab analysis per 100 grams BCM-95

SUPPLEMENT FACTS		
Serving Size: 1 Softgel		
Servings Per Container: 30, 60, or 120		
Amount Per 1 Softgel:		%DV
Proprietary Complex	750 mg	**
Curcumin (<i>Curcuma longa</i>) Rhizome Extract (BCM-95®) enhanced with turmeric essential oil and standardized for curcuminoid complex (curcumin, demethoxycurcumin and bisdemethoxycurcumin), phospholipids, supplying 500 mg of pure curcuminoids		
** Daily Value (DV) not established		

Other Ingredients: medium chain triglycerides, gelatin, sunflower lecithin, glycerin, beeswax, purified water, and turmeric in sunflower oil (softgel color).

No sugar, salt, yeast, wheat, gluten, corn, soy, dairy products, artificial coloring, artificial flavoring, or artificial preservatives. Color variations are normal.

SUPPLEMENT FACTS		
Serving Size: 1 Softgel		
Servings Per Container: 60		
Amount Per 1 Softgel:		%DV
Proprietary Complex	375 mg	**
Curcumin (<i>Curcuma longa</i>) Rhizome Extract (BCM-95®) enhanced with turmeric essential oil and standardized for curcuminoid complex (curcumin, demethoxycurcumin and bisdemethoxycurcumin), phospholipids, supplying 250 mg of pure curcuminoids		
** Daily Value (DV) not established		

Other Ingredients: medium chain triglycerides, gelatin, glycerin, sunflower lecithin, beeswax, purified water, and turmeric in sunflower oil (softgel color).

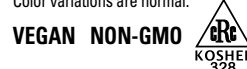

No sugar, salt, yeast, wheat, gluten, corn, soy, dairy products, artificial coloring, artificial flavoring, or artificial preservatives. Color variation are normal. Grown without chemicals.

SUPPLEMENT FACTS		
Serving Size: 1 Capsule		
Servings Per Container: 60		
Amount Per 1 Capsule (Veg):		%DV
Curcumin (<i>Curcuma longa</i>) Rhizome Extract (BCM-95®), enhanced with turmeric essential oil and standardized for curcuminoid complex (curcumin, demethoxycurcumin and bisdemethoxycurcumin) supplying ≥172 mg of pure curcuminoids	200 mg	**
** Daily Value (DV) not established		

Other Ingredients: cellulose powder, hydroxypropyl methylcellulose (vegetable cellulose capsules), vegetable source magnesium stearate, silicon dioxide.

No sugar, salt, yeast, wheat, gluten, soy, corn, dairy products, artificial coloring, artificial flavoring, or artificial preservatives. Color variations are normal.

Frequently Asked Questions for CuraPro®:

Q: How does the curcumin in CuraPro compare to turmeric products?

A. CuraPro is up to 500 times more powerful than turmeric.[^]

The most active compound in turmeric, and the one associated with most of its health benefits, is curcumin. However, turmeric contains as little as 2% curcumin, meaning many grams of turmeric (equivalent to hundreds of capsules) need to be taken to equal the amount of curcumin in one CuraPro. **CuraPro** starts with pure curcumin, which is then blended with turmeric essential oil (which contains beneficial compounds called turmerones that are health supportive as well) to increase its absorption.

So not only does **CuraPro** contain more curcumin in a single softgel than any turmeric product and almost every other enhanced absorption curcumin, it is significantly better absorbed than plain curcumin and its health benefits have been proven in over 50 published studies.

Q: How is CuraPro different than Curaphen®? Can we take them both together?

A. CuraPro provides high absorption curcumin and is our highest potency, all-curcumin product. **Curaphen** provides curcumin along with uniquely standardized boswellia, DL-phenylalanine (DLPA), and nattokinase as a *combination* for occasional muscle pain due to exercise or overuse.* It is perfectly fine to use them together, according to your individual preferences.

What to pair with CuraPro®:

- **Clinical Glutathione™** – Provides patented, reduced oral glutathione for vital support.*
- **EurOmega-3®** – Whole food Omega-3 fatty acids in a biologically active, stable, phospholipid form as it occurs in salmon.

[^] Based on enhanced absorption of Curcugreen™ curcumin versus equivalent weight capsule of unstandardized turmeric containing 2% curcumin
