

# Bladder Manager™

## Supports Healthy Bladder Strength and Function\*

Bladder health and comfort are important to everyone, men and women alike. **Bladder Manager™** is the ideal supplement for men and women looking to support bladder strength and urinary tract function.\*

**Bladder Manager™** contains the clinically studied SagaPro®, which is a proprietary, aqueous extract of *Angelica archangelica* leaves, harvested from wild plants growing in the pure air and soil of Iceland.

**Bladder Manager™** contains key compounds you need to support the smooth muscle of the bladder. This amazing extract provides documented benefits, too. In fact, participants in a recent clinical trial experienced support for healthy bladder function.\*†

### For MEN – Beyond Prostate Health

Unlike saw palmetto, **Bladder Manager™** is for more than just prostate health. It contains key compounds that support the smooth muscle of the bladder, something which is a major concern for men – just as much as women.\* In Iceland, the product is so popular that it actually outsells saw palmetto extracts!

### For WOMEN – Bladder Health and Peace of Mind

**Bladder Manager™** is ideal for healthy bladder strength, helping bring comfort.\*

### For EVERYONE – Better Rest

Participants in a recent clinical trial experienced support for healthy bladder function.\*†

**Bladder Manager™** features a powerful, clinically studied extract from the *Angelica archangelica* leaf. This prized botanical in Iceland has been used traditionally for over 1,000 years.

The angelica leaves used in this formula are gathered by local people in an eco-friendly manner. Although abundant in the fresh landscape of Iceland, wild angelica is still recognized as a valuable resource. While this plant is wild harvested, the procurement process is monitored and sustainable.

## Frequently Asked Questions for Bladder Manager™:

### Q. How long until I notice benefits?

A. Each person varies, but you may start noticing benefits after the first few days. Consider doubling the dose at first, and then dropping to the suggested dosage when you begin noticing benefits.\*

### Q. How does Bladder Manager™ work compared to saw palmetto extracts?

A. Unlike saw palmetto extracts, which are intended to support healthy PSA levels and prostate function, and are recommended only for men, **Bladder Manager™** supports bladder strength. Because it is a bladder supporting supplement, **Bladder Manager™** also differs from saw palmetto extract in that it is recommended for men and women.\*

### Q. What steps are taken to prevent over harvesting?

A. While angelica is a highly-valued herb, it grows all over Iceland, and is by no means an endangered plant. In fact, its proliferation is even considered too intense in some areas.

In certain places, harvesting can benefit local authorities that would otherwise have to eradicate the plant in a costly way. Additionally, the manufacturer works with local people who know their region well.

That type of knowledge helps in choosing the best spots, and since local experts can follow the development of angelica fields over many years, they provide information which ensures that the angelica fields aren't overused.

### Q. Is Angelica safe? I thought that it wasn't for everybody.

A. Yes, this Angelica (*Angelica archangelica*) grows in Iceland and has been safely used and enjoyed for centuries. It is not the same as Chinese angelica (*Angelica sinensis*), also known as dong quai.

The fruits, leaves, and roots of the plant have been used in folk medicine, and it was cultivated in the Nordic countries during the Middle Ages. Vikings even used this herb as a form of currency. In fact, banning the theft of angelica was actually written into some of the earliest law books in Iceland about 1,000 years ago! These days, angelica tea from the leaves and cereal from the seeds are popular foods in Iceland, and the leaves from this plant are used to make **Bladder Manager™**.

### What to pair with Bladder Manager™:

- **Clinical OPC™** – Provides high-absorption, tannin-free oligomeric proanthocyanidins to support cardiovascular health, immune function, cellular protection, and more.\*
- **CuraPro®** – Provides BCM-95® Curcumin for a powerful antioxidant defense and healthy inflammation response.† Up to 10 times better absorption and greater blood retention time at meaningful levels than plain 95% curcumin extracts. Clinically studied BCM-95® Curcumin shows positive benefits and support for immune, cellular, and cognitive health and well-being.\*

† Occasional inflammation due to exercise or overuse
