Tart Cherry

**Promotes Healthy
Uric Acid Balance*†**

SUPPLEMENT FACTS

Serving Size: 2 Capsules
Servings Per Container: 60

Amount Per 2 Capsules (Veg):	%DV
Tart Cherry (<i>Prunus cerasus</i>)	
Fruit Powder	750 mg **
standardized to contain ≥ 0.1% anthocyanins	

**Daily Value (DV) not established.

Tart cherries contain anthocyanins, richly colored flavonoid compounds with potent antioxidant capacity. Antioxidants increase the body's resistance to oxidative stress, and anthocyanins in particular may play an important role in supporting uric acid balance in the body.*†

- Promotes healthy uric acid balance†
- Supports joint flexibility and comfort
- Aids recovery after exercise
- Provides superior antioxidant effects*

Recommendations: 1-2 capsules, taken up to three times daily or as recommended by your healthcare practitioner.
If pregnant or nursing, consult a healthcare practitioner before use.

†Supports healthy levels already within normal range.

DIETARY SUPPLEMENT

Promotes healthy uric acid balance†

Supports joint flexibility and comfort

Aids recovery after exercise

Provides superior antioxidant effects*

According to Boston University Research, over 50 million Americans could benefit from support of joint flexibility and healthy uric acid levels.*† EuroMedica® **Tart Cherry** capsules provide the benefits of tart cherries in the convenience of a capsule.

Tart cherries contain anthocyanins, richly colored flavonoid compounds with powerful antioxidant capacity. Antioxidants increase the body's resistance to oxidative stress and may play an important role in supporting healthy uric acid levels in the body.*†

Concerned About Sugar?

Tart cherries have long been promoted for their health benefits, but the sour taste means many juices have added sugar. One popular concentrated tart cherry juice lists 80 calories and 15 grams of sugar per 1 oz. serving. That's a lot of sugar in a small shot of juice. As a comparison, a 1 oz. serving of a cola soft drink may have less than 12 calories.

EuroMedica **Tart Cherry** capsules are a smart cherry choice for people concerned about the amount of sugar in their diets, since they contain no sugar. Plus, this supplement delivers a consistent level of tart cherries every day for reliable benefits.*

Frequently Asked Questions for Tart Cherry

Q. Why should I use a tart cherry supplement?

A. If you already have an active lifestyle, or would like to jump-start an exercise regimen but are looking for healthy joint support, a tart cherry supplement is for you. Tart cherries have both a wealth of beneficial compounds and an increasing body of research that shows how valuable they are for supporting healthy uric acid balance, joint flexibility, exercise recovery, and overall antioxidant action.*†

Q. Are tart cherries better than sweet cherries?

A. Both types of cherries have been clinically studied for their benefits, but tart cherries tend to be a hardier species, and as a result, can build up a stronger profile of anthocyanins and other strong protective components.

What to Pair with Tart Cherry

Collagen Joint Complex

Delivers five powerful nutrients that support cartilage and collagen—the “shock absorbers” of your knees, ankles, lower back, and hips—for strong, flexible joints.*

Curaphen®

Provides a combination of clinically studied, enhanced absorption curcumin, along with boswellia, DL-phenylalanine, and nattokinase for pain relief.*††

†Supports healthy levels already within normal range. ††Occasional muscle pain due to exercise or overuse.
